RDL Introduces Half Rack Mounting Options for Middle Atlantic HRF Half Rack Frame Racks

November 2, 2012 - RDL is pleased to introduce a new group of mounting options designed to fit the new Middle Atlantic HRF series of half racks as well as other 10 5/8" half racks. These new mounting options increase the versatility of RDL's most popular product series. Half racks provide a smaller foot print than a traditional 19" equipment rack and the compact nature of RDL's products allows for high-density mounting in the smallest of spaces.
